We use cookies and other technologies to passively collect demographic information, personalize your experience on our site and monitor advertisements and other activities. Cookies are small files downloaded to your computer to track movements within web sites. We may link cookie

information to personal information. Cookies link to information regarding what items you have selected for purchase at our store or pages you have viewed. This information is used to keep track of your shopping cart and make sure you don't see the same ad repeatedly. Also, we use cookies to deliver content specific to your interest and to monitor website usage. Some of our sites use an outside ad company to display ads. These ads may contain cookies. Our ad companies collect cookies received with banner ads, and Company does not have access to this information. Most browsers are automatically set to accept cookies whenever you visit a website. You can disable cookies or set your browser to alert you when cookies are being sent. However some areas of our sites will not function properly if you do so. OTHER TECHNOLOGIES

Other technologies used include clear GIF's and IP address logging. Clear GIF's also known as web bugs, beacons, or tags, are small graphic images placed on a web page, web-based document, or in an e-mail message. Clear GIF's are invisible to the user because they are typically very small (only 1-by-1 pixel) and the same color as the background of the web page, document or e-mail message. We do not use clear GIF's to collect personal information about you. However, we may use clear GIF's to capture statistical usage information for our web pages, features, or other elements on a web page. We may correlate this information to a user to personalize user experience and for statistical analysis of user experiences on our web pages.
